WILDFIRE RISK REDUCTION PROJECT SPECIALIST JOB ANNOUNCEMENT

The Estes Valley Fire Protection District would like to announce the Wildfire Risk Reduction Project Specialist position is open to interested Estes Valley Fire Protection District internal and external candidates.

The successful candidate will, under the supervision of the Division Chief of Community Risk Reduction, support the execution and implementation of the Fire District's 2022 Community Wildfire Protection Plan (CWPP). The position will be responsible for a variety of administrative and technical work related to; development, implementation, and supervision of wildland fire mitigation/fuel reduction projects, grant implementation and management, public education, and related programs.

The successful candidate must be committed to supporting the District, Division, and Program mission and strategic goals of, "proactively increasing safety through reduction or elimination of risks". Candidates with strong communication and relationship building skills, and those with a track record of project management preferred. Most requirements for Wildfire Risk Reduction Project Specialist to be obtained within 12 months of hire. See the job description for complete requirements.

Depending on the candidate's qualifications, initial compensation would start at Community Risk Reduction - Specialist I (Step 1: \$71,052 through Step 5: \$83,120). Benefits include paid vacation and sick leave, contributions to a pension fund (PERA), paid employee health insurance premiums (100%, 90/10% split for dependents), and other incentives.

Apply with a cover letter, resume, and the completed Job Application (Part I) form, which can be found on our website at www.estesvalleyfire.org/apply, by 08:00 MDT on Monday, April 27, 2026, to:

WFRR Project Specialist, Attn: Jon Landkamer
