## Letter from the Chief

2012 was the busiest year this fire department has ever had; our crews responded to a record number of 648 calls, increasing from 451 calls in 2011. We witnessed a devastating wildland urban interface fire in June (the Woodland Heights Fire) in which 23 homes were lost. Smoke was in the air all summer from other destructive wildfires in the state.

The Fern Lake Fire which started on October 9<sup>th</sup> extended our wildland fire season and the wind event that caused it to expand rapidly on December 1<sup>st</sup> required major evacuations and management by a type 1 team. It is apparent that the traditional summer wildfire season is no longer the norm. The outpouring of support from the community to assist the residents who had been affected by these fires and towards the firefighters and department was extraordinary.

We have accomplished a lot this year including holding an election, hiring a new Administrative Assistant and a new Fire Marshal, and outsourcing our IT and accounting services. This year two exceptional employees left our organization to pursue other ventures. However, we were able to fill those positions with two other just as qualified individuals. Suzanne Landkamer was hired as our Administrative Assistant and Marc Robinson as our new Fire Marshal. We are also in the planning phase of purchasing a new wildland urban interface fire engine, commonly referred to as a type 3 engine. This new fire engine will help us to protect properties similar to those lost in the Woodland Heights Fire in the future. We hope to receive delivery of this new engine by the fall of 2013.

Currently, our department has 32 volunteer firefighters, four full time staff, and one part-time seasonal position. Our dedicated and highly trained volunteers and staff provide fire and rescue services to a 66.5 square mile area encompassing the Town of Estes Park and a large section of southern Larimer County.

Insurance Services Office (ISO) reevaluated our community for fire protection this past October. ISO evaluates communities in three areas: the fire department including its equipment, training, and past responses; available water supplies and systems; and communication and dispatching services. These three areas are then weighed against the growth and risks in the community. ISO reevaluates communities every ten years and gives the community a Property Protection Classification (PPC) from 1 to 10 with 1 being the best and 10 not meeting their requirements. Our PPC for the last 10 years has been a 4, which is an excellent rating for a mostly volunteer organization. Some insurance companies use this rating in establishing their premiums. However, with the growth in our community and changes in ISOs rating system we may see a change in our rating.

This coming year the board and staff will continue to work on the strategic plan and work to improve response times. The Estes Valley Fire Protection District looks forward to continuing the long and proud history of the Estes Park Volunteer Fire Department in providing fire protection for the entire Estes Valley. The vision of our board combined with the dedication of our volunteers and staff will only enhance the services we provide to our community.

Sincerely,

Scott Dorman, Fire Chief  
Estes Valley Fire Protection District

**Accountant's Compilation Report**

**Board of Directors  
Estes Valley Fire Protection District  
Larimer County, Colorado**

We have compiled the accompanying forecasted budget of revenues, expenditures and fund balances of the Estes Valley Fire Protection District for the General Fund, Capital Reserve Fund and Pension Fund for the year ending December 31, 2013, including the forecasted estimate of comparative information for the year ending December 31, 2012, in accordance with attestation standards established by the American Institute of Certified Public Accountants. A compilation is limited to presenting, in the form of a forecast, information that is the representation of management and does not include evaluation of the support for the assumptions underlying the forecast. We have not audited or reviewed the forecast and, accordingly, do not express an opinion or any other form of assurance about whether the accompanying budget of revenues, expenditures and fund balances or assumptions are in accordance with accounting principles generally accepted in the United States of America. Furthermore, there will usually be differences between the forecasted and actual results because events and circumstances frequently do not occur as expected, and those differences may be material. We have no responsibility to update this report for events and circumstances occurring after the date of this report.

Management is responsible for the preparation and fair presentation of the forecast in accordance with accounting principles generally accepted in the United States of America, and for designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the forecast.

The actual historical information for the year 2011 is presented for comparative purposes only. Such information is taken from the audit report of the District for the year ended December 31, 2011 as prepared by RubinBrown LLP, dated May 12, 2012, wherein an unqualified opinion was expressed.

Management has elected to omit the summary of significant accounting policies required by the guidelines for presentation of a forecast established by the American Institute of Certified Public Accountants. If the omitted disclosures were included in the forecast, they might influence the user's conclusions about the District's results of operations for the forecasted periods. Accordingly, this forecast is not designed for those who are not informed about such matters.

We are not independent with respect to the Estes Valley Fire Protection District.

Greenwood Village, Colorado

**ESTES VALLEY FIRE PROTECTION DISTRICT  
2013 BUDGET  
SUMMARY OF SIGNIFICANT ASSUMPTIONS  
Services Provided**

The Estes Valley Fire Protection District (District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized by order and decree of the District Court for Larimer County on November 17, 2009 and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District was established to provide fire protection services, fire suppression, and rescue services in the Town of Estes Park (Town) and surrounding areas of unincorporated Larimer County. Prior to the organization of the District, fire protection services were provided by the Town.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, including a volunteer organization, Estes Park Volunteer Fire Department, which provides services for the District, but is not under the control of the District's Board of Directors. The District is not a component unit of any other primary governmental entity, including the Town of Estes Park.

The District also budgets for the Volunteer Pension Fund, a fiduciary fund, which is used to account for assets held by the District in the capacity of trustee for its volunteer firefighter's pension plan.

The District prepares its budget on the modified accrual basis of accounting.

**Revenue**

**Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the Larimer County (County) Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

**ESTES VALLEY FIRE PROTECTION DISTRICT  
2013 BUDGET  
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

The calculation of the taxes levied is displayed on page 7 of the Budget at the adopted mill levy of 1.950 mills.

**Specific Ownership Taxes**

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The forecast assumes that the District's share will be equal to approximately 7.0% of the property taxes collected by the General Fund.

**Agreement with Town of Estes Park – Sales Taxes**

Based on a sales tax sharing agreement between the Town of Estes Park and the District, the Town of Estes Park will remit to the District 7% of the Sales Tax collected by the Town.

**Net Investment Income**

Interest earned on the District's available funds has been estimated using an average interest rate of approximately 0.5%.

**ESTES VALLEY FIRE PROTECTION DISTRICT  
2013 BUDGET  
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

**Expenditures**

**General and Administrative Expenses**

These expenditures are based upon prior and current year's expenditures and certain equipment purchases, repairs and maintenance as suggested by the District's Fire Chief, subject to the approval of the Board.

**Reserves**

**Emergency Reserve**

The District has provided for an emergency reserve equal to at least 3% of fiscal year spending for 2013 as defined under TABOR. Such emergency reserve is an integral part of Ending Fund Balance.

**LOSAP Reserve**

The District has provided for a reserve to fund future payments under the Length of Service Awards Program.

**ESTES VALLEY FIRE PROTECTION DISTRICT  
2013 BUDGET  
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

**Operating Reserve**

The District has also provided for an operating reserve for future expenditures.

**Capital Projects Reserve**

The District has also provided for a capital project reserve for future capital projects and vehicle replacement.

**Debt and Leases**

The District has no outstanding debt nor any capital or operating leases.

**This information is an integral part of the accompanying forecasted budget.**

## **Board of Directors**

The Board of Directors of the Estes Valley Fire Protection District are currently as follows:

Sue Doylen, President  
Frank Theis, Vice President  
Doug Klink, Treasurer  
Jack Rumley, Board member  
Mark Igel, Board member

The Board also appointed Administrative Assistant Suzanne Landkamer as the Secretary of the Board of Directors.

The following are the current district employees:

**FIRE CHIEF**  
Scott Dorman

**TRAINING CAPTAIN**  
Derek Rosenquist

**FIRE MARSHAL**  
Marc Robinson

**ADMINISTRATIVE ASSISTANT**  
Suzanne Landkamer

**WILDLAND URBAN INTERFACE EDUCATIONAL COORDINATOR**  
Sue Pinkham
